Profile summary

Enthusiastic Front-End Developer with **2.6 years** of experience crafting user-centric and adaptable web applications within a fast-paced **startup environment**. Adept at translating design visions into clean, maintainable, and performant code utilizing **HTML**, **CSS**, **javascript** and **React.js** framework. Continuously seek out opportunities to expand my technical expertise and contribute to a collaborative and innovative team.

Skills

- React js
- React Redux
- HTML5
- GIT
- Tailwind
- JavaScript(es6)
- React Router
- CSS3
- Bootstrap

Professional Experience

Frontend Developer, Techbeez Software Technologies private limited ☑

2022 Feb – present
Bangalore, India

- **Full Project Life Cycle Experience:** Possess 2.6 years of experience working through all phases of the project life cycle, including requirements gathering, analysis, and estimation. This allows me to contribute effectively from project initiation to completion.
- **Performance Optimization:** Skilled in implementing browser performance best practices, including DOM rendering optimizations, script and asset load management, ensuring a smooth user experience. Actively participated in regular code reviews and testing to ensure high-quality deliverables.
- **Responsive Design:** Adept at building responsive web applications using HTML & CSS frameworks and Tailwind CSS, creating layouts that adapt seamlessly across various devices.
- **JavaScript Proficiency:** Possess a strong understanding of Object-Oriented Programming (OOP) concepts in JavaScript and a comprehensive working knowledge of DOM models.
- **Problem-Solving:** Strong analytical and problem-solving skills, able to develop software solutions through requirements analysis, user collaboration, data examination, and process optimization. Assisted in developing new features, aligning with client requirements and industry best practices.

Projects

Fittr, web, Fittr

2022 Apr – 2024 Jun

About :

Client : Fittr is a health, fitness and wellness community all housed on a digital platform. The Fittr web provides access to workouts, nutrition and diet plans. Fittr guides users through their unique workout programs with voice coaching that gives detailed descriptions.

2022 May – present
